

The background of the entire page is a close-up, high-resolution image of a marble surface. It features a complex pattern of veins in shades of light beige, cream, and soft grey, set against a slightly darker, warm-toned base. The veins are irregular and flowing, creating a sense of organic movement and depth. The lighting is soft, highlighting the natural texture and subtle variations in the stone's color.

Your Time, Our Tiles

TIME CERAMICS

ACERCA DE NOSOTROS

Con una visión global y una estratégica presencia en México, en Time Ceramics redefinimos la superficie y recubrimientos a través de la innovación y la excelencia. Creemos que el porcelanato no solo debe cumplir con una función técnica impecable, sino también inspirar y embellecer cada entorno.

Nuestras colecciones combinan una estética de vanguardia con una durabilidad superior. Ofrecemos soluciones arquitectónicas versátiles que transforman proyectos residenciales, comerciales e industriales en espacios con identidad propia, superando las expectativas del mercado más exigente.

Your Time, Our Tiles

RESPONSABILIDAD AMBIENTAL

Comprometidos con un futuro más sostenible

En Time Ceramics entendemos que la innovación, el diseño y la creación deben ir acompañados de una producción responsable.

Por ello, estamos desarrollando procesos enfocados en la eficiencia energética, el uso consciente de recursos y la reducción del impacto ambiental en cada etapa de fabricación de nuestros porcelanatos.

En Time Ceramics trabajamos bajo estándares internacionales que impulsan la mejora continua y fortalecen nuestro compromiso con el medio ambiente y las futuras generaciones.

NUESTRO ENFOQUE AMBIENTAL

Eficiencia energética

Uso responsable
del agua

Reducción de
residuos

Control ambiental en
fabricación

MATERIALES Y PROCESOS

- Procesos productivos más eficientes
- Minimización de desperdicios
- Optimización de recursos naturales
- Desarrollo sostenible a largo plazo

International Organization for Standardization (ISO 14001) Sistema de Gestión Ambiental

La certificación ISO 14001 demuestra nuestro compromiso con la sostenibilidad y la gestión responsable del impacto ambiental durante nuestros procesos de fabricación.

COMPROMETIDOS CON
UN FUTURO RESPONSABLE

TIME CERAMICS

POR EL MUNDO

Nos destacamos por nuestra pasión,
la excelencia y un enfoque centrado
a los clientes, quienes son nuestra
mayor inspiración.

Somos líderes en la fabricación de
porcelanatos y recubrimientos
porcelánicos.

Nuestra presencia
internacional cuenta con
diferentes fábricas
productoras ubicadas en:
China, Nigeria, Pakistán y
México.

Contamos con diferentes
distribuidores alrededor de la
República Mexicana: Hidalgo,
Puebla, Guadalajara, Querétaro,
Monterrey.

Así como más de quinientos
puntos de venta.

2014 NIGERIA
Apertura de la
fábrica en ciudad de
Benín, Nigeria.

2024 FILIPINAS
Construcción de
planta y gran inversión
en dos líneas de
producción.

2026 COLOMBIA
Próximamente...

1995 CHINA
Inicia Time Ceramics,
con sede en
Fujian, China.

2017 PAKISTÁN
Tres hornos activos en
fábrica, Cd Industrial,
Faisalabad, Pakistán.

2024 MÉXICO
Instalación de fábrica
en Hidalgo, México.
Posicionamiento de
mercado.

2029 U.S.A
Próximamente...

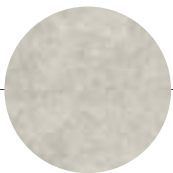

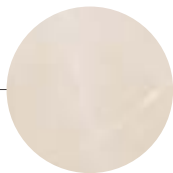

Es ir más allá de producir productos de alta calidad; es dar vida a los espacios, fusionando elegancia del diseño tradicional, vanguardia e innovación tecnológica.

VISÍTANOS

ACABADOS

Disponibles

PULIDO

Superficie totalmente lisa y brillante que realza el color y la profundidad del diseño. Ofrece un aspecto elegante y sofisticado, ideal para espacios interiores que buscan un acabado de alta gama.

HIGH GLOSS

Brillo intenso tipo espejo que aporta luminosidad y amplitud visual. Su reflejo destaca los detalles del diseño y crea ambientes modernos.

MATE

Superficie suave y sin brillo que ofrece una apariencia natural y moderna. Su textura reduce reflejos y realza la pureza del diseño, creando ambientes de elegancia, cálidos y atemporales.

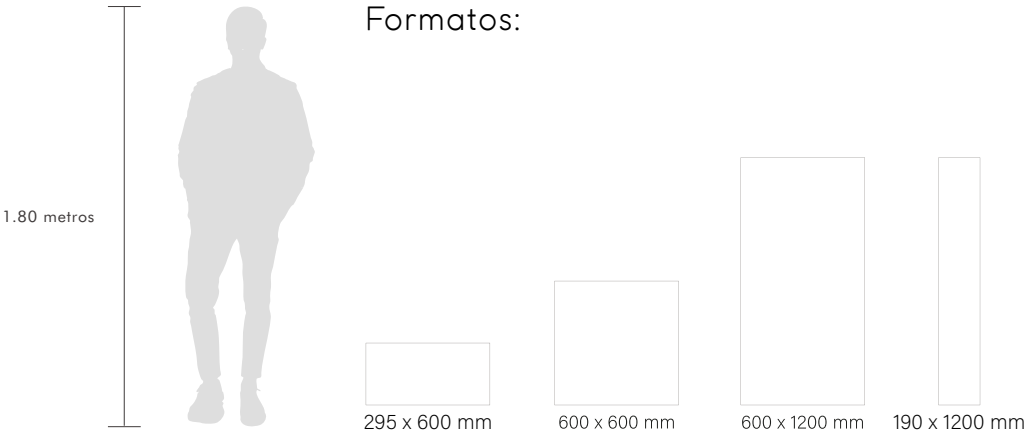

GRANILLO

Superficie con ligeras partículas granuladas que aportan textura sutil y efecto antideslizante. Su look moderno y robusto es ideal para áreas de alto tránsito o donde se busque un acabado más técnico.

Sobre Nosotros

Nuestra presencia internacional nos posiciona como líderes en innovación y excelencia dentro de la industria. Nuestra filosofía se basa en crear productos que no solo cumplan con los más altos estándares técnicos, sino que también aporten estilo y sofisticación a cada proyecto.

En Time Ceramics, somos especialistas en la fabricación de porcelanatos de alta calidad, diseñados para embellecer y transformar espacios con soluciones únicas y duraderas.

GUÍA ESENCIAL **SISTEMA DE COLOCACIÓN**

Guía práctica con los pasos esenciales para una instalación cerámica correcta y duradera, con recomendaciones simples para lograr acabados uniformes y profesionales.

BENEFICIOS:

- Mayor durabilidad.
- Acabados más limpios y uniformes.
- Reducción de errores.
- Mejor adherencia y estabilidad.
- Aprovechamiento eficiente del material.
- Mayor resistencia al desgaste.

INSTALACIÓN DE PORCELANATO:

- Prepara la superficie; debe estar limpia, nivelada y seca. Marca líneas guía para empezar derecho.

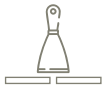

- Extiende adhesivo con llana dentada. Además para piezas grandes, pon una capa delgada también detrás de la baldosa.

- Coloca las baldosas, empieza en el centro o en un punto recto, presiona cada baldosa y usa espaciadores, por último revisa nivel y alineación. Haz los cortes necesarios.

- Deja secar completamente el adhesivo de uno a dos días.

- Aplica la boquilla, rellena juntas con fragua. Y luego limpia el exceso con esponja húmeda.

- Limpieza final, cuando seque, limpia la superficie.

MATERIALES BÁSICOS:

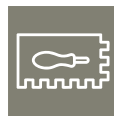

Adhesivo

Espaciadores

Martillo de goma

Llana dentada

Este informe solo representa las características de las muestras sometidas a prueba, más no de donde deriva y no podrá ser reproducido total o parcialmente sin la autorización por escrito del laboratorio. El aspecto del producto puede presentar variaciones del espectro, tono y textura respecto a lo expuesto, dependiendo del lote de producción. El ácido fluorhídrico ataca todos los productos cerámicos. Esta ficha solo es aplicable a loseta de primera calidad. Esta ficha no es aplicable a las piezas complementarias.

RECOMENDACIÓN DE USO

Para garantizar una instalación impecable y un rendimiento óptimo del producto, le sugerimos que tenga en cuenta lo siguiente:

- Variaciones naturales: El color, el tamaño y la textura pueden variar entre las piezas de cerámica. Aproveche estas diferencias para lograr un acabado visual más armonioso y atractivo.
- Antes de la instalación: Compruebe que todas las cajas coincidan en tono, estampado y dimensiones con el lote que va a instalar.
- Comprobación previa a la instalación: Confirme el contenido de cada caja antes de comenzar la instalación. Una vez instalado el producto, no se aceptarán reclamaciones.
- Superficie limpia y nivelada: Asegúrese de que la zona de instalación esté completamente libre de impurezas y debidamente nivelada.
- Junta recomendada: Instale con una junta mínima de 2 mm para obtener un mejor acabado y rendimiento.
- Limpieza durante la instalación: Utilice una esponja o un paño húmedo para eliminar el exceso de adhesivo o cola para baldosas según las instrucciones del fabricante.
- Precaución cuando está mojado: Las baldosas cerámicas pueden volverse resbaladizas cuando están mojadas.
- Limpieza posterior: Utilice solo agua, jabón o detergente. Evite el uso de ácidos o productos químicos agresivos.
- Temperatura adecuada: No instale este producto a temperaturas bajo cero.

Estándares internacionales que respaldan nuestra calidad y compromiso ambiental.

International Organization for Standardization (ISO 9001) Sistema de Gestión de Calidad

La certificación ISO 9001 avala que nuestros procesos de producción, control y servicio cumplen con estándares internacionales de gestión de calidad.

¿Qué garantiza esta certificación?

- Control y mejora continua en los procesos de fabricación
- Consistencia en acabados, formatos y especificaciones técnicas
- Mayor confiabilidad y satisfacción para nuestros clientes y aliados comerciales
- Estandarización de procesos operativos y de inspección

International Organization for Standardization (ISO 14001) Sistema de Gestión Ambiental

La certificación ISO 14001 demuestra nuestro compromiso con la sostenibilidad y la gestión responsable del impacto ambiental durante nuestros procesos de fabricación.

¿Qué representa esta certificación?

- Uso responsable de recursos naturales
- Reducción y control de impactos ambientales
- Optimización energética y manejo adecuado de residuos
- Mejora continua en prácticas sostenibles

CALIDAD CERTIFICADA EN CADA ESPACIO

En nuestra línea de porcelanatos, trabajamos bajo estándares internacionales que garantizan procesos eficientes, productos de alta calidad y un compromiso permanente con el medio ambiente.

Nuestras certificaciones respaldan cada etapa de fabricación y reflejan la confianza, desempeño y responsabilidad que ofrecemos en cada colección.

Productos con calidad constante

Procesos eficientes y trazables

Compromiso con la mejora continua

Producción responsable

Cultura empresarial enfocada al cuidado del entorno

Procesos orientados a la sostenibilidad

Cada porcelanato es desarrollado bajo estrictos controles de calidad y criterios de sostenibilidad, ofreciendo productos que combinan estética, resistencia y respaldo normativo internacional.
